PIT Cargo Capabilities

PIT: The Cargo Solution
Pittsburgh International Airport is designed to be the nation’s best gateway to international commerce. Some of the largest metropolitan areas in North America including New York City, Philadelphia, Washington, D.C., Cleveland, Detroit, and Toronto are within a six-hour drive of the airport and other major markets such as Chicago and Indianapolis are less than a day’s drive away. With U.S. Customs availability 24/7, the ability to land and off load all sizes of aircraft and easy access to all modes of transportation, Pittsburgh International Airport is the answer for your cargo needs today and in the future.

PIT Cargo Advantage
Pittsburgh International Airport’s cargo advantage is that it is a strategic location for any business. It is unparalleled in its access to both consumer and supplier markets.

Located within a day’s drive of PIT:
- 48 percent of U.S. businesses
- 63 percent of the national industrial output
- 23 of the top 50 metro retail markets in the country
- 45 metropolitan markets that exceed $5 billion in sales
- 26 metropolitan areas, each exceeds 1 million people
- 45 percent of the U.S. population
- More than 50 percent of the U.S. buying income
- More than 40 percent of the total retail sales that occurs in the U.S.
PIT Cargo Capabilities

International Cargo Capabilities
Pittsburgh International Airport has extensive cargo experience handling everything from apparel to flowers to elephants, flights from Africa and Asia, and aircraft such as a Boeing 747-800 to an Antonov. With taxi times less than five minutes on average from wheels down or up, cargo at PIT gets moving to customers fast, ultimately saving time and money.

PIT’s International Cargo Advantage
• U.S. Customs is available 24/7 at no additional fee
• No slots
• No noise abatement
• Can land and off/on load any size aircraft
• Taxi times less than 5 minutes on average from wheels down or prior to takeoff
• Incentives are available for regularly scheduled cargo flights
• Cuba charter flight operations are approved to and from PIT

Cargo shipment of (3) 3000 lbs. elephants from Africa, August 2011.

Cargo gets off loaded and on its way quickly at Pittsburgh International Airport.

L-382 Hercules.

Flowers at the Strip District, Pittsburgh.

Highway

Pittsburgh International Airport is unparalleled in its access to consumer and supplier markets with direct easy access to Interstate-376 that does not require tunnels or limited weight bridge crossings to reach Interstate-79 that runs north/south and Interstate-76 that runs east/west. Interstates offer direct connections to other major highway systems allowing for less costly and faster truck moves.

Rail

Our region encompasses more than 1,300 miles of railway. Including service by four Class I railroads. CSX, Norfolk Southern, Wheeling & Lake Erie and Canadian National Railways have main lines serving southwestern Pennsylvania. Intermodal shipping agreements permit seamless coast-to-coast rail service.

Barge

The Port of Pittsburgh is the second busiest inland port in the United States, moving approximately 42 millions tons of cargo yearly. The Pittsburgh Port District encompasses over 200 miles of commercially navigable waterways, supports over 200 river terminals and barge industry service suppliers.
PIT Cargo Capabilities

Reliability
- Equipped to handle all sizes of aircraft
- Four Runways (3 Parallel, 1 Crosswind)
- CAT II/III ILS on parallel runways
- No slot restrictions all weather operational
- 24-hour operations & customs service
- Average aircraft taxi time of 7 minutes from passenger terminal, 5 minutes from cargo facilities
- Significant airspace & airfield capacity to accommodate future growth
- No curfews
- Elevation is 1,203 ft. (366.674 meters)

Northfield Fast Facts

- Convenient access to Pittsburgh International Airport’s passenger terminal and Fixed Base Operator.
- Existing Foreign Trade Zone #33
- Short taxi times averaging 5 minutes

Property Amenities

- The 400-acre site is located in the northern section of Pittsburgh International Airport, bordered by International Drive, Interstate-376, existing Cargo Areas 1, 2 and 3 and Runway 10L/28R. Approximately 284 acres are available for development.
- The site provides direct access to existing taxiways and runways. Aviation land uses, such as air cargo, are proposed for the areas adjacent to Taxiway A. Non-aviation land uses, such as warehousing and distribution are proposed for those areas that do not have direct airside access.
Pittsburgh International Airport (PIT) is a world-class facility that accommodates more than eight million travelers and nearly 140,000 aircraft operations per year. With 150 non-stop flights per day to 36 destinations, Pittsburgh International Airport is served by eight commercial air carriers. Pittsburgh International Airport also provides nonstop service to Paris on Delta Air Lines with connections to over 100 cities in Europe and beyond on Air France. PIT has been frequently recognized for its quality in meeting traveler’s needs. The OAG Worldwide, market research leader JD Power and Associates and Condé Nast Traveler’s Magazine all have named PIT among the top airports in recent customer satisfaction surveys.
